Preferred Communication Method

Communications include:

- Prescription & order status
- Savings opportunities
- Benefit & safety alerts

We do our best to honor your communication preference. Occasionally, we may need to send messages that are not available for your preferred communication method.*

Please enter a valid phone number

By providing your mobile number and clicking Save Changes you consent to receiving text messages regarding your prescription orders and benefit plan information and opportunities. Message and data rates may apply. Message frequency varies.

Please note: Text messages will only show partial medication and patient names even if you've elected to include them for emails.

Save Changes

MEMBER WEB

- Bringing Members information that matters *most*
 - Prescription & order status
 - Savings opportunities
 - Benefit & safety alerts
- Presenting the Member with a 'Welcome' text to confirm their text opt in preference.
