

Flu Shot Reimbursement

Reimbursement for Health Plan Members and Their Covered Dependents

1. If you receive your vaccination from an *in-network healthcare provider*, coverage is available at 100% through the Health Plan. The provider should submit the claim as they normally would to your Health Plan administrator (show the provider your Anthem ID card).
2. If you obtain a vaccine from a pharmacist at an *Express Scripts network pharmacy*, your claim will automatically process at 100% of the cost through Express Scripts. (Show the provider your Express Scripts ID card.)
3. If you receive your vaccination from a *public health department* or a *non-Health Plan provider*, you will be reimbursed at 100% (i.e., local store program, a clinic at a school or church, etc.). The Provider will need to fill out section 3 of the claim form referenced below before it can be submitted to Anthem.

Please follow the instructions:

You will need to pay for the service and then submit the claim to Anthem, following their claims procedures.
